DIABOLO:

Sustainable Packaging

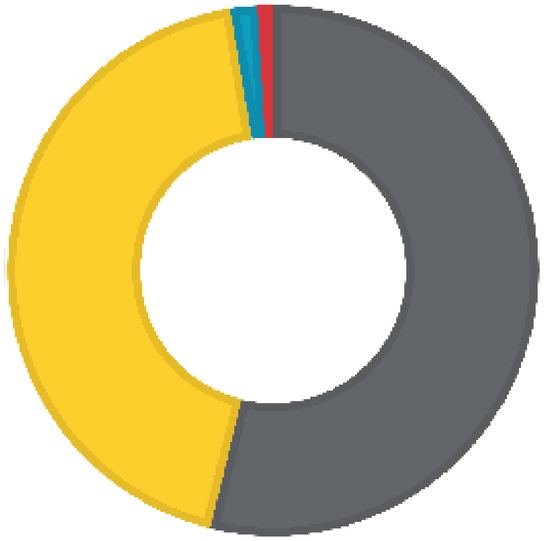

Packaged with 100% Recyclable Cardboard

Adaptable Specification for Sustainability

ENVIRONMENTAL PASSPORT

The Diabolo Table has been designed with both longevity and sustainability in mind. Manufactured in the UK, it features a 100% recyclable design and has been developed for disassembly at the end of its life, supporting a circular economy approach. It contains 25% pre-consumer recycled content and 22% post-consumer recycled content. Backed by a 10-year warranty, the Diabolo Table is built to deliver lasting performance while helping to reduce environmental impact.

MATERIAL CONTENT

53.81%	Mild steel
